

INDOOR REGATHERING PLAN

Calvary Evangelical Free Church

Rationale for the Plan:

- Outdoor worship is not practical in cold weather.
- Covid presents a spectrum of risk.
- We need to balance physical/medical safety with our spiritual, emotional, and mental health.
- We need to keep our church family connected and engaged in worship, spiritual renewal, & instruction.

Rationale for the Plan:

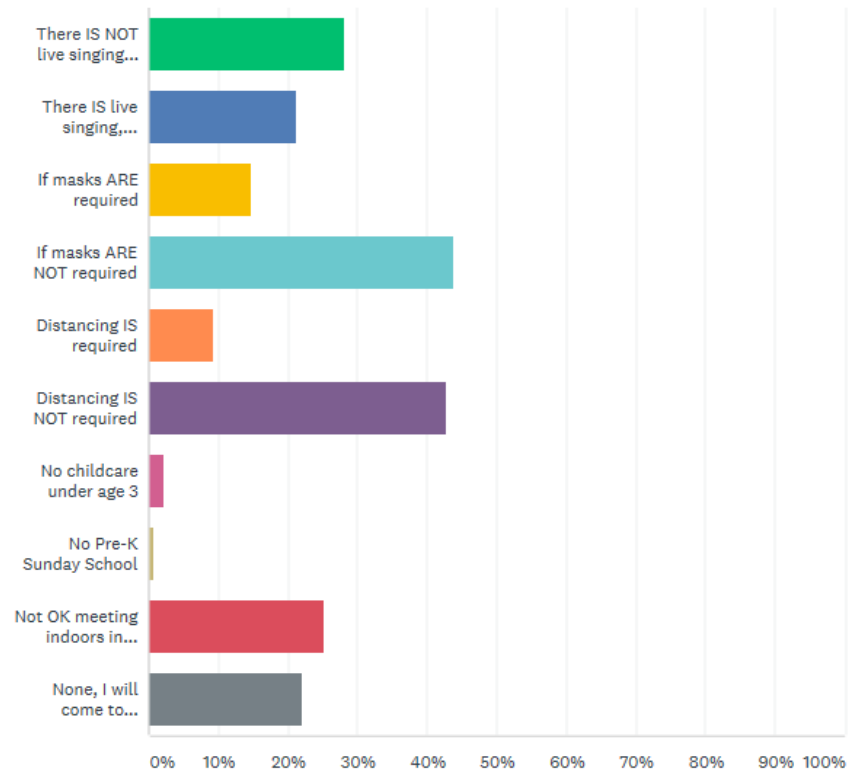

- We have consulted several studies, medical and social, on the risks presented by and benefits from public worship and various mitigation strategies.
- We have polled the congregation to listen to the various concerns and desires of our church family
 - Received 274 total responses. Thank You!!

Summary of the Plan:

Move to inside, multi-site, live streamed worship services

- “multi-site” = simultaneous services in various venues
- “live stream” = transmitting worship services over the internet in real time (while they are taking place)

Timing of the Plan:

- We will continue our outdoor worship services for as long as the weather practically permits.
- As a precaution, we will be ready to implement the Indoor Regathering Plan by October 18th.
- Once we implement the Plan, we will remain indoors.
- The switch from pre-recorded services to live streaming the services will not take place until the Plan is implemented.
